

You will receive an invoice from Infomedics

Your healthcare provider takes care of you; we take care of the invoicing.

We will send you an invoice on behalf of your healthcare provider. If possible, we will check whether you are entitled to a reimbursement from your healthcare provider of some, if not all, of the amount. If so, the reimbursement will always appear on your invoice. You only need to pay the remaining amount.

If nothing is reimbursed but you believe you are entitled to a reimbursement, consult your healthcare provider's policy conditions. If you have any questions, contact your healthcare provider.
